

DETAILED ACTION

Allowable Subject Matter

1. Claims 1-20 are allowed.
2. The prior art of record, taken singly or in combination, fails to teach or suggest:
“an update of an active route to a domain in said network that causes said active route to become a withdrawn route as a result of said active route being lost, and indications, based on loopback addresses associated with nodes through which said withdrawn route passed, of a reachability of said each of said nodes; and route disqualification logic of said border gateway router, which is associated with said RIB data receiver and which is configured to disqualify alternative routes to said domain based on said indications prior to an alternative route convergence process, wherein said domain is thereby considered unreachable by said process and therefore not considered by said process”.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
